Projects:

1. SportsMastery: [Live Link](#)

[Github](#) → [Client](#) [Server](#)

SportMastery is a dynamic online platform where students can explore and purchase their preferred sports courses. Instructors have the opportunity to showcase their expertise by creating accounts and adding their captivating classes. Seamlessly integrated with Stripe, our website ensures smooth and secure payment transactions.

Key Features:

- Personalized dashboards for students, instructors, and admins.
- Seamless and secure transactions with Stripe integration.
- Enhanced security with JSON Web Tokens (JWT)

Technologies

- Front-end: React, Tailwind CSS, DaisyUI
- Back-end: Node.js, Express.js
- Database: MongoDB
- Additional: JWT, Stripe Payment, Firebase

2. EduToysHub: [Live Link](#)

[Github](#) → [Client](#) [Server](#)

The EduToysHub is a web-based platform that serves as a marketplace for educational toys, catering to parents, educators, and toy sellers. This platform provides a seamless and user-friendly experience for sellers to create accounts, list their education toys, and connect with a wide customer base.

Key Features:

- User authentication has been implemented
- MongoDB CRUD operations
- Search & sorting system development
- Use React Tab for showing Category data

Technologies

- Front-end: React, Tailwind CSS, DaisyUI
- Back-end: Node.js, Express.js
- Database: MongoDB

3. Cooks-Cantina [Live Link](#)

[Github](#) → [Client](#) [Server](#)

The Cooks-Cantina is a web-based platform designed to provide users with a seamless and interactive experience in exploring and sharing culinary creations.

Key Features:

- Using lazy loader in home page for each card picture.
- User authentication has been implemented
- Using Carosel banner to attract customer

Technologies

- Front-end: React, CSS, Bootstrap
- Back-end: Node.js, Express.js
- Database: MongoDB

Education:

Diploma in CSE

2019-Present

Chattogram Polytechnic Institute
